Subject: Microsoft Settlement

Good Evening,

I have always supported the US DOJ case against Microsoft Corporation.

I've been a user of computers since 1984, and it is my belief that Microsoft has done more to stall progress than to help it.

Please modify the settlement, it is too lax on Microsoft. Make Microsoft document their APIs to EVERY interested developer, and to document their proprietary file formats in Excel and the rest of Microsoft Office.

The US computer industry stands to lose if the settlement stays the way it is.

Thank you,

Gabriel Freund
